PHP Medicare (HMO-POS)

PHP MEDICARE

PHP Medicare HMO-POS Provider Directory

This directory is current as of December 13, 2023.

This directory provides a list of the PHP Medicare current network providers.

This directory is for the is for the PHP Medicare Advantage service area. It includes Bay, Calhoun, Clinton, Eaton, Gratiot, Huron, Ingham, Ionia, Jackson, Kalamazoo, Livingston, Montcalm, Saginaw, Sanilac, Shiawassee, Tuscola and Washtenaw counties in Michigan.

As a member of our plan, you can choose to receive care from out-of-network providers. Our plan will cover services from either in-network or out-of-network providers as long as the services are medically necessary and covered benefits. However, if you use an out-of-network provider, your share of the costs for your covered services will be higher. If you receive care from a provider who is not eligible to participate in Medicare, you will be responsible for the full cost of services you receive. Please refer to Chapter 3 of your Evidence of Coverage (EOC) for complete details.

To access the PHP Medicare online provider directory, you can visit Member.PHPMedicare.com. For any questions about the information contained in this directory (hardcopy or online), please call our Customer Service department at 844.529.3757, from 8 a.m. to 8 p.m., seven days a week. You may reach a messaging service on weekends from April 1 through September 30 and holidays. Please leave a message, and your call will be returned the next business day. TTY users should call 711.

To request a hard copy of PHP Medicare's provider directory, please call our Customer Service department at 844.529.3757, from 8 a.m. to 8 p.m., seven days a week. PHP Medicare will mail a hard copy of the provider directory to you within three (3) business days of your request. PHP Medicare may ask whether your request for a hard copy is a one-time request or if you are requesting to receive the provider directory in hard copy permanently.
If you request it, your request for hard copies of the provider directory remains until you leave PHP Medicare or request that hard copies be discontinued.

PHP Medicare is an HMO-POS plan with a Medicare contract. Enrollment in PHP Medicare depends on contract renewal.

If you need language translation services, call us at 844.529.3757. Your call will be answered by someone who speaks English, who will help connect you to an interpreter for your language. This is a free service.

Section 1 - Introduction

This directory provides a list of the PHP Medicare's network providers. To get detailed information about your healthcare coverage, please see your Evidence of Coverage (EOC).

You will have to choose one of our network providers listed in this directory to be your **P**rimary **C**are **P**rovider (PCP). Generally, you must get your healthcare services from your PCP. The name and telephone number of your PCP are printed on your Member ID card.

The network providers listed in this directory have agreed to provide you with your healthcare, vision, and dental services. You may go to any of our network providers listed in this directory; however, some services may require a prior authorization. If you have been going to one network provider, you are not required to continue to go to that same provider. You may get covered services from non-network providers, but your cost-share may be higher. Please refer to your Evidence of Coverage for details.

Providers identified with an asterisk (*) also accept Medicaid. The number following the 10-digit number listed below the provider's name is the provider's National Provider Identifier (NPI) number. In the Hospital section of this directory, the capital letters following the word "Code" show that hospital's code. When a hospital's code follows a provider's information, it indicates to which hospital(s) that provider has privileges for admitting patients.

You will get your routine or basic care from your PCP. Your PCP will coordinate the rest of the covered services you need. This includes x-rays, laboratory tests, therapies, specialist visits, hospital admissions, and follow-up care. Your PCP also contacts other providers for updates about your care and/or treatment. If you need certain types of covered services or supplies, your PCP must give approval ahead of time.

You do not need a referral to see a network specialist; however, your PCP must give you a referral to see an out-of-network provider. A specialist is a doctor who provides healthcare services for a specific disease or part of the body. If you choose to see an out-of-network specialist, it's very important to get a referral **before** you see the provider. If you do not have a referral before you get the services from the out-of-network specialist, you may have to pay for these services yourself. If the out-of-network specialist wants you to come back for follow-up visits, be sure to check the original referral to see if these were included.

In some cases, your PCP, specialist, or other provider may need to get prior authorization from PHP Medicare. A prior authorization is an approval from the plan for medical services and must be requested **before** services are received. Since your PCP will provide and coordinate your healthcare, you should have all of your past medical records sent to your new PCP's office. The law requires us to protect the privacy of your medical records and personal health information. For more information about privacy, see your Evidence of Coverage (EOC).

You may change your PCP for any reason, at any time. To change your PCP, call our Customer Service department. **PCP changes take effect the first day of the following month**. **Requests for *retroactive changes* are typically not approved.** When you call, be sure to let the customer service representative know if you are seeing out-of-network

specialists, have upcoming prescription drugs that need to be filled, or getting other covered services that needed your PCP's approval (such as services rendered by out-of-network providers). The customer service representative will change your membership record to show the name of your new PCP. You will receive an updated Member ID card with the name and telephone number of your new PCP within 7-10 days.

Getting care when traveling or when you are away from the plan's service area. If you need medical care when you are outside the service area, your healthcare coverage is very limited. The only services we cover when you are outside our service area are care for a medical emergency, including maintenance care and hospital care after you are stable (known as post-stabilization care), urgently needed care, renal dialysis (kidney), and care that PHP Medicare has approved in advance. If you question whether a service is covered when you travel, please call our Customer Service department.

The difference between a medical emergency and urgently needed care is the seriousness of the condition.

- A medical emergency is when you believe your health is in serious danger—when every second counts. You may have a bad injury, sudden illness or an illness that is quickly getting much worse.
- Urgently needed care is care you get for a sudden illness, or injury that needs medical care right away but is not life threatening. Treatment for a sprained ankle is an example of urgently needed care.

If you have a medical emergency:

- Get medical help as quickly as possible. Call 911 for help or go directly to the nearest emergency room. **In any emergency, you do not need permission (authorization) or a referral before getting medical assistance.**
- Emergency medical care is covered whenever you need it, anywhere in the world.
- Our plan covers ambulance services in situations where getting to the emergency room in any other way could endanger your health.
- As soon as possible, you or someone else should contact your PCP about your emergency. Your PCP's telephone number is located on your Member ID card. Your PCP needs to know about your emergency because he/she will provide or arrange follow-up care. Please try to contact your PCP about your emergency within 48 hours.

Your PCP will help manage and follow up on your emergency care. It is important to know that every emergency has two stages. When the doctors or hospital providing emergency care consider your condition stable, the first stage of the medical emergency ends. However, even after your condition is stabilized, you are still considered in an emergency situation and PHP Medicare must pay for post-stabilization treatment provided by the hospital (whether or not this hospital is a network provider). The second stage of the emergency, after your condition is stabilized, is called post-stabilization.

Generally, the hospital or doctors providing emergency care will try to talk to your PCP. This helps the plan arrange for network providers to take over your care as soon as your condition and circumstances get better. Once your PCP takes over your care or agrees with the attending hospital on an appropriate course of action (or once you are discharged, if you are fully recovered), you are no longer in an emergency or post-stabilization situation.

When you are past the emergency and post-stabilization stages, you may still need follow-up care. PHP Medicare is responsible for your follow-up care. PHP Medicare will *only* pay for follow-up care (care provided after your emergency and post-stabilization stages) if you follow the plan rules. Your PCP can assist you with finding providers and securing the appropriate referrals and authorizations.

You should never pay any out-of-network provider more than what the provider is allowed by Medicare. The provider has a right to get his or her fees but does not have a right to receive them from you. Ask the out-of-network provider to bill us first. If you have already paid for the covered services, we will reimburse you for our share of the cost. If you get a bill for the services, you can send the bill to us for payment. We will pay the out-of-network provider for our share of the bill if it meets the criteria noted above and will let you know what, if anything, you must pay. If an out-of-network provider asks you to pay for covered services you get in these situations, please call our Customer Service department.

While PHP Medicare does not contract with specialists who provide certain services at a healthcare facility (such as anesthesiologists and pathologists), we do pay the facility for the cost of these services when provided at a facility that is contracted with PHP Medicare. If you receive a bill for such services, please contact PHP Medicare customer service.

What is the service area for PHP Medicare?
The counties in our service area are listed below.
Bay, Calhoun, Clinton, Eaton, Gratiot, Huron, Ingham, Ionia, Jackson, Kalamazoo, Livingston, Montcalm, Saginaw, Sanilac, Shiawassee, Tuscola and Washtenaw counties in Michigan.

How do you find PHP Medicare providers in your area?
This directory includes individual sections for our Network Hospitals, Primary Care Providers, Specialists, Other Contracted Providers, Mental Health Providers, Routine Vision Care Providers and Pharmacies. Each section is organized first by state, then by county. An alphabetical index of providers can be found at the end of the directory.

If you have questions about PHP Medicare or require assistance in selecting a PCP, please call our Customer Service department at 844.529.3757, from 8 a.m. to 8 p.m., seven days a week. You may reach a messaging service on weekends from April 1 through September 30 and holidays. Please leave a message, and your call will be returned the next business day. TTY users should call 711. You can also visit Member.PHPMedicare.com.

PHP Medicare
Pharmacy Directory

Introduction

This booklet provides a list of the PHP Medicare network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the *Evidence of Coverage* (EOC) and the PHP Medicare formulary.

We call the pharmacies on this list our network pharmacies because we have made arrangements with them to provide prescription drugs to plan members. In most cases, your prescriptions are covered under PHP Medicare only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription. You can switch to any other of our network pharmacies. We will fill prescriptions at out-of-network pharmacies under certain circumstances, as described in your EOC.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of December 13, 2023. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can go to all the pharmacies on this list, but your costs for some drugs may be less at pharmacies in this list that offer preferred cost-sharing. We have marked these pharmacies with **†** to distinguish them from other pharmacies in our network that offer standard cost-sharing.

You can get prescription drugs shipped to your home through our network mail order delivery program. For more information, please contact us or see the mail order section of this pharmacy directory.

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact PHP Medicare.

PHP Medicare Network Pharmacies
The pharmacies are divided into four groups: Retail Pharmacies, including Chain Pharmacies; Mail Order; Home Infusion; and Long-Term Care. The pharmacies in each group are listed by state and then by county. **"Preferred pharmacies" are identified with the symbol †. Pharmacies that provide an extended day supply of medications are identified with the symbol ¥.**

PHP Medicare
Mail Order Pharmacy

You can get prescription drugs shipped to your home through our network mail order delivery program.

Typically, you should expect to receive your prescription drugs within 14 business days from the time that the mail order pharmacy receives the order. If you do not receive your prescription drug(s) within this time, please contact us at 844.529.3757, from 8 a.m. to 8 p.m., seven days a week. You may reach a messaging service on weekends from April 1 through September 30 and holidays. Please leave a message, and your call will be returned the next business day. TTY users should call 711.

For refills of your mail order prescriptions, you have the option to sign up for an automatic refill program. Under this program, we will start to process your next refill automatically when our records show that you should be close to running out of your drug. We will contact you prior to shipping each refill to make sure you are in need of more medication. You can cancel scheduled refills if you have enough of your medication or if your medication has changed. If you choose not to use the auto refill program, please contact us 14 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time. To opt out of the automatic refill program, please contact us by calling the number on the back of your benefit card.

Home Infusion Pharmacies

PHP Medicare will cover home infusion therapy, if all three of the following requirements are met:

- Your prescription drug is on the PHP Medicare formulary or you have a formulary exception
- PHP Medicare has approved your prescription drug for home infusion therapy; and
- Your prescription is written by an authorized prescriber.

To get additional information on home infusion services, please call our Customer Service department at 844.529.3757, from 8 a.m. to 8 p.m., seven days a week. You may reach a messaging service on weekends from April 1 through September 30 and holidays. Please leave a message, and your call will be returned the next business day. TTY users should call 711.

PHP Medicare
Long Term Care Pharmacies

Residents of a long-term care facility may access their prescription drugs covered under PHP Medicare through the facility's long-term care pharmacy or another network long-term care pharmacy.

For additional information on long-term care services, please call our Customer Service department at 844.529.3757, from 8 a.m. to 8 p.m., seven days a week. You may reach a messaging service on weekends from April 1 through September 30 and holidays. Please leave a message, and your call will be returned the next business day. TTY users should call 711.
