# Section 1 - Introduction

This directory provides a list of Blue Medicare Advantage Access's current network providers. To get detailed information about your healthcare coverage, please see your *Evidence of Coverage* (EOC).

As a member of the Blue Medicare Advantage Access while you are not required to select a **P**rimary **C**are **P**rovider (PCP), some services have lower cost sharing when delivered by a PCP. Since a PCP helps to provide and coordinate your healthcare, if you do not select one upon enrollment, a network PCP will be assigned to you based on your location. If you wish to select a different PCP, you can find a complete list of Blue Medicare Advantage Access network providers in this Provider Directory, by going online to www.MyBlueKCMA.com or by contacting our Customer Service Department at 1-866-508-7140 toll free. TTY users should call 711.

**Providers identified with an asterisk (*) also accept Medicaid.** The number following the 10-digit number listed below the Provider's name is their National Provider Identifier number (NPI). In the Hospital section, the letters following the word "Code" displays that hospital's code. When a hospital's code follows a provider's information it indicates the hospital(s) where the provider has privileges for admitting patients.

The network providers listed in this directory have agreed to provide you with your healthcare, vision and dental services. You may go to any of our network providers listed in this directory. If you have been going to one network provider, you are not required to continue to go to that same provider. You may also get covered services from non-network providers that accept Medicare.

**You will get your routine or basic care from your PCP.** Your PCP is available to coordinate the rest of the covered services you need. This includes x-rays, laboratory tests, therapies, specialist visits, hospital admissions and follow-up care. Your PCP also contacts other network providers for updates about your care and/or treatment.

**You do not need a referral to see a specialist**. A **specialist** is a doctor who provides healthcare services for a specific disease or part of the body. If you want to use a particular Blue Medicare Advantage Access specialist or hospital, while it is not a requirement, since your PCP is available to help coordinate your care, you may want to advise your PCP that you intend to see a specialist or go to a hospital.

**In some cases, your provider will need to get prior authorization from Blue Medicare Advantage Access.** A prior authorization is an approval from the plan for medical services and must be requested **before** services are received. Since your PCP is available to provide and coordinate your healthcare, you should have all of your past medical records sent to your new PCP's office. The law requires us to protect the privacy of your medical records and personal health information. For more information about privacy, see your *Evidence of Coverage*.

**You may change your PCP for any reason, at any time.** To change your PCP, call our Customer Service Department. **PCP changes take effect the first day of the following month**. **Requests for *retroactive changes* are typically not approved.** The Customer

Service Representative will change your membership record to show the name of your new PCP. They will also send you an updated membership card with the name and telephone number of your new PCP.

Out-of-network providers are under no obligation to treat Blue Medicare Advantage Access enrollees, except in emergencies. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our Customer Service Department at 1-866-508-7140, seven days a week from 8 a.m. to 8 p.m. You may reach a messaging service on weekends from April 1 through September 30 and holidays. Please leave a message and your call will be returned the next business day. TTY users should call 711. You may also refer to your *Evidence of Coverage* for more information, including the cost sharing that applies to out-of-network services.

As a member of Blue Medicare Advantage Access, you may choose to receive care from out-of-network providers. Our plan covers services from both in-network and out-of-network providers, as long as the services are covered benefits and are medically necessary. If you use an out-of-network provider, your share of the costs for your covered services may be higher, except when receiving emergency and urgent care services.

While Blue Medicare Advantage Access does not contract with specialists who provide certain services at a healthcare facility (such as anesthesiologists, radiologists and pathologists), we do pay the facility for the cost of these services when provided at a Blue Medicare Advantage Access contracted facility. If you receive a bill for such services, please contact our Customer Service Department.

**The difference between a medical emergency and urgently needed care is the seriousness of the condition.**

- A medical emergency is when you believe your health is in serious danger - when every second counts. You may have a bad injury, sudden illness or an illness that is quickly getting much worse.

- Urgently needed care is care you get for a sudden illness or injury that needs medical care right away, but is not life threatening. Treatment for a sprained ankle is an example of urgently needed care.

**Your PCP generally provides urgently needed care inside the plan's service area.** If you have a sudden illness or injury that is *not a medical emergency* and you are in the plan's service area, please call your PCP. If the office is closed, there will always be a doctor on call to help you. Blue Medicare Advantage Access (PPO) will pay for urgently needed care you receive from out-of-network providers.

**If you have a medical emergency:**

- Get medical help as quickly as possible. Call 911 for help or go directly to the nearest emergency room. **In an emergency, you do not need permission (authorization) or a referral before getting medical assistance.**
- Emergency medical care is covered whenever you need it, anywhere in the world.
- Ambulance services are covered in situations where other means of transportation, anywhere in the world, would endanger your health.

- As soon as possible, you or someone else should contact your PCP about your emergency. Your PCP's telephone number is located on your membership ID card. Your PCP needs to know about your emergency because he/she will provide or arrange follow-up care. Please try to contact your PCP about your emergency within 48 hours.

**Your PCP can help manage and follow-up on your emergency care.** It is important to know that every emergency has two stages. When the doctors or hospital providing emergency care consider your condition stable the first stage of the medical emergency ends. However, even after your condition is stabilized, you are still considered in an emergency situation and Blue Medicare Advantage Access must still pay for post-stabilization treatment provided by the hospital (whether or not this hospital is a network provider or not). The second stage of the emergency, after your condition is stabilized, is called post-stabilization.

Generally, the hospital, or doctors, providing emergency care will try to talk to your PCP. This helps the plan arrange for network providers to take over your care as soon as your condition and circumstances get better. Once your PCP takes over your care or agrees with the attending hospital on an appropriate course of action (or once you are discharged, if you are fully recovered), you are no longer in an emergency or post-stabilization situation.

When you are past the emergency and post-stabilization, you may still need follow-up care. Blue Medicare Advantage Access is responsible for your follow-up care. Your PCP can assist you with securing the appropriate authorizations.

You should never pay any out-of-network provider more than what the provider is allowed by Medicare. The provider has a right to get his/her fees, but does not have a right to get them from you. Ask the out-of-network provider to bill us first. If you get a bill for the services, you can send the bill to us for payment. We will pay the out-of-network provider for our share of the bill if it meets the criteria noted above and will let you know what, if anything, you must pay. If an out-of-network provider asks you to pay for covered services you get in these situations, please contact us by calling our Customer Service Department.

While Blue Medicare Advantage Access does not contract with specialists who provide certain services at a healthcare facility (such as anesthesiologists, radiologists and pathologists), we do pay the facility for the cost of these services when provided at a Blue Medicare Advantage Access contracted facility. If you receive a bill for such services, please contact Customer Service.

# Blue Medicare Advantage Access Pharmacy Directory

For more recent information or other questions, please contact our Customer Service Department at 1-866-508-7140, seven days a week from 8 a.m. to 8 p.m. You may reach a messaging service on weekends from April 1 through September 30 and holidays. Please leave a message and your call will be returned the next business day. TTY users should call 711. You may also visit www.MyBlueKCMA.com.

Changes to our pharmacy network may occur during the benefit year. An updated Pharmacy Directory is located on our website at www.MyBlueKCMA.com. You may also call Customer Service for updated pharmacy information.

## Introduction

This booklet provides a list of Blue Medicare Advantage PPO Plan's network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the *Evidence of Coverage* and Blue Medicare Advantage PPO Plan's formulary.

We call the pharmacies on this list our "network pharmacies" because we have made arrangements with them to provide prescription drugs to Plan members. In most cases, your prescriptions are covered under Blue Medicare Advantage only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of September 9, 2020. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can get prescription drugs shipped to your home through our network mail order delivery program which is called MedImpact Direct. For more information, please contact us or see the mail order section of this pharmacy directory.

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact us.

**Blue Medicare Advantage PPO Network Pharmacies**
The pharmacies are divided into four groups: Retail Pharmacies, including Chain Pharmacies, Mail Order, Home Infusion and Long-term Care. The pharmacies in each group are listed by state and then by county. **Pharmacies that provide an extended day supply of medications are identified with the symbol ¥.**

# Mail Order Pharmacy

You can get prescription drugs shipped to your home through our network mail order delivery program.

For refills of your mail order prescriptions, please contact us 14 days before you think the drugs you have on hand will run out, to make sure your next order is shipped to you in time.

Typically, you should expect to receive your prescription drugs within 14 business days from the time that the mail order pharmacy receives the order. If you do not receive your prescription drug(s) within this time, please contact us at 1-866-508-7140, seven days a week from 8 a.m. to 8 p.m. You may reach a messaging service on weekends from April 1 through September 30 and holidays. Please leave a message and your call will be returned the next business day. TTY users should call 711.

# Home Infusion Pharmacies

Blue Medicare Advantage will cover home infusion therapy if:

- Your prescription drug is on Blue Medicare Advantage formulary or you have a formulary exception
- Blue Medicare Advantage has approved your prescription drug for home infusion therapy; and
- Your prescription is written by an authorized prescriber.
