Monthly premium  (You must also continue to pay your Medicare Part B premium.)	\$34	\$34
Monthly optional supplemental benefits premium For more information, see Chapter 4, Section 2.2, Extra "optional supplemental" benefits you can buy in your 2023 Evidence of Coverage.	\$25	\$30

- Your monthly plan premium will be *more* if you are required to pay a lifetime Part D late enrollment penalty for going without other drug coverage that is at least as good as Medicare drug coverage (also referred to as "creditable coverage") for 63 days or more.
- If you have a higher income, you may have to pay an additional amount each month directly to the government for your Medicare prescription drug coverage.
- Your monthly premium will be *less* if you are receiving "Extra Help" with your prescription drug costs. Please see Section 5 regarding "Extra Help" from Medicare.

# Section 1.2 - Changes to Your Maximum Out-of-Pocket Amount

Medicare requires all health plans to limit how much you pay "out-of-pocket" for the year. This limit is called the "maximum out-of-pocket amount." Once you reach this amount, you generally pay nothing for covered Part A and Part B services for the rest of the year.

# Section 1.5 – Changes to Part D Prescription Drug Coverage

#### **Changes to Our Drug List**

Our list of covered drugs is called a Formulary or "Drug List." A copy of our Drug List is provided electronically.

We made changes to our Drug List, including changes to the drugs we cover and changes to the restrictions that apply to our coverage for certain drugs. Review the Drug List to make sure your drugs will be covered next year and to see if there will be any restrictions.

Most of the changes in the Drug List are new for the beginning of each year. However, during the year, we might make other changes that are allowed by Medicare rules. For instance, we can immediately remove drugs considered unsafe by the FDA or withdrawn from the market by a product manufacturer. We update our online Drug List to provide the most up to date list of drugs.

If you are affected by a change in drug coverage at the beginning of the year or during the year, please review Chapter 9 of your Evidence of Coverage and talk to your doctor to find out your options, such as asking for a temporary supply, applying for an exception and/or working to find a new drug. You can also contact Customer Service for more information.

To find out which drugs are Select Insulins, review the most recent Drug List we provided electronically. You can identify Select Insulins by looking for a "SI" label on the Drug List. If you have questions about the Drug List, you can also call Customer Service (Phone numbers for Customer Service are printed on the back cover of this booklet).

#### **Changes to Prescription Drug Costs**

**Note:** If you are in a program that helps pay for your drugs ("Extra Help"), **the information about costs for Part D prescription drugs may not apply to you.** We sent you a separate insert, called the "Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs" (also called the "Low Income Subsidy Rider" or the "LIS Rider"), which tells you about your drug costs. If you receive "Extra Help" and you haven't received this insert by October 15, 2022, please call Customer Service and ask for the "LIS Rider."

There are four "drug payment stages." The information below shows the changes to the first two stages – the Yearly Deductible Stage and the Initial Coverage Stage. (Most members do not reach the other two stages – the Coverage Gap Stage or the Catastrophic Coverage Stage.)

**Important Message About What You Pay for Vaccines -** Our plan covers most Part D vaccines at no cost to you. Call Customer Service for more information.

**Important Message About What You Pay for Insulin -** You won't pay more than \$35 for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on, even if the insulin is <u>not</u> considered a Select Insulin under the plan's Prescription Drug Formulary.

Getting Help from Medicare - If you chose this plan because you were looking for insulin coverage at \$35 a month or less, it is important to know that you may have other options available to you for 2023 at even lower costs because of changes to the Medicare Part D program. Contact Medicare, at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week for help comparing your options. TTY users should call 1-877-486-2048.

**Additional Resources to Help** – Please contact our Customer Service number at (866) 509-5396 for additional information. (TTY users should call 711.) Hours are 8 a.m. to 8 p.m., seven days a week. You may reach a messaging service on weekends from April 1 through September 30 and holidays. Please leave a message, and your call will be returned the next business day.

If you want to change to a different plan or to Original Medicare for next year, you can do it from **October 15 until December 7.** The change will take effect on January 1, 2023.

#### Are there other times of the year to make a change?

In certain situations, changes are also allowed at other times of the year. Examples include people with Medicaid, those who get "Extra Help" paying for their drugs, those who have or are leaving employer coverage, and those who move out of the service area.

If you enrolled in a Medicare Advantage plan for January 1, 2023, and don't like your plan choice, you can switch to another Medicare health plan (either with or without Medicare prescription drug coverage) or switch to Original Medicare (either with or without Medicare prescription drug coverage) between January 1 and March 31, 2023.

If you recently moved into, currently live in, or just moved out of an institution (like a skilled nursing facility or long-term care hospital), you can change your Medicare coverage **at any time**. You can change to any other Medicare health plan (either with or without Medicare prescription drug coverage) or switch to Original Medicare (either with or without a separate Medicare prescription drug plan) at any time.

# **SECTION 4 Programs That Offer Free Counseling about Medicare**

The State Health Insurance Assistance Program (SHIP) is an independent government program with trained counselors in every state. In Florida, the SHIP is called Serving Health Insurance Needs of Elders (SHINE).

It is a state program that gets money from the Federal government to give **free** local health insurance counseling to people with Medicare. SHINE counselors can help you with your Medicare questions or problems. They can help you understand your Medicare plan choices and answer questions about switching plans. You can call (800) 963-5337 (TTY: 1-800-955-8770). You can learn more about SHINE by visiting their website (FloridaSHINE.org).

# **Update: Inflation Reduction Act of 2022** — **Medicare Part B Prescription Drugs**

As part of the Inflation Reduction Act of 2022, there are some important upcoming changes to make your Medicare Part B prescription drugs more affordable.

- Starting April 1, 2023, lower coinsurance for certain Part B prescription drugs. Starting April 1, 2023, if a Part B prescription drug's price has increased at a rate faster than the rate of inflation, we'll reduce your coinsurance for that drug by a certain amount as directed by the Centers for Medicare & Medicaid Services (CMS). CMS will tell BayCare Select Health Plans what your coinsurance should be for that drug. Your coinsurance will never exceed 20 percent but could be lower based on information we receive from CMS.
- Starting July 1, 2023, a cap on Part B insulin cost share. For part B insulin (insulin administered through a durable medical equipment pump), you won't pay more than \$35 for a one-month supply beginning July 1, 2023.

If you have any questions or concerns, or would like additional information, please contact BayCare Select Health Plans Customer Service at (866) 509-5396 (TTY: 711), 8 a.m. to 8 p.m., seven days a week.
