## Who can join?

To join **Essence Advantage Choice** or **Essence Advantage Choice Plus**, you must be entitled to Medicare Part A, be enrolled in Medicare Part B, be a United States citizen or are lawfully present in the United States and live in our service area. Our service area includes the following counties in Illinois: Madison, Monroe and St. Clair, and in Missouri: Crawford, Franklin, Jefferson, Lincoln, St. Charles, St. Louis, Warren and St. Louis City.

## What is a PPO?

A PPO, or Preferred Provider Organization, is a health insurance plan that offers a network of providers but also allows you to seek care from out-of-network providers. You may pay less if you use providers that belong to the plan's network. A PPO may require you to live or work in its service area to be eligible for coverage.

## Which doctors, hospitals and pharmacies can I use?

**Essence Advantage Choice** and **Essence Advantage Choice Plus** have a network of doctors, hospitals, pharmacies and other providers. If you use providers that are not in our network, they must agree to treat you. Except in emergency or urgent situations, out-of-network providers may deny care. You must generally use network pharmacies to fill your prescriptions for covered Part D drugs. You can see our plans' Provider Directory on [EssenceHealthcare.com](http://EssenceHealthcare.com) or call us, and we will send you a copy.

## What do we cover?

Like all Medicare health plans, we cover everything that Original Medicare covers—and *more*.

- **Our plan members get *all* of the benefits covered by Original Medicare.** For some of these benefits, you may pay more in our plan than you would in Original Medicare. For others, you may pay less.
- **Our plan members also get *more* than what is covered by Original Medicare.** Some of the extra benefits are outlined in this booklet.

## What drugs do we cover?

We cover Part D drugs. In addition, we cover Part B drugs such as chemotherapy and some drugs administered by your provider. You can see the complete plan formulary (list of Part D prescription drugs) and any restrictions on [EssenceHealthcare.com](http://EssenceHealthcare.com) or call us, and we will send you a copy.

## How will I determine my drug costs?

Our plans group each medication into one of five tiers. You will need to use your formulary to locate what tier your drug is on to determine how much it will cost you. The amount you pay depends on the drug's tier and what stage of the benefit you have reached. Later in this document, we discuss the benefit stages that occur: initial coverage, coverage gap and catastrophic coverage. If you have questions about the different benefit stages, please contact the plan for more information or access the Evidence of Coverage on our website.

\*Select Insulins are those that are part of the Insulin Savings Program and incur low, consistent copays through the coverage gap. Insulins administered via a durable medical equipment insulin pump are not included in the program. For information regarding which insulins are Select Insulins under the plan's benefit, refer to the plan's Prescription Drug Formulary. See the Evidence of Coverage for more information regarding Select Insulins, including full cost-sharing information. The program doesn't apply during the catastrophic coverage stage or if you receive Extra Help.

<b>Coverage Gap</b>	<p><b>Both Plans</b></p> <p>Most Medicare drug plans have a coverage gap (also called the “donut hole”). This means that there’s a temporary change in what you will pay for your drugs. The coverage gap begins after the total yearly drug cost (including what your plan has paid and what you have paid) reaches \$4,660.</p> <p>After you enter the coverage gap, you pay 25% of the plan’s cost for covered brand-name drugs and 25% of the plan’s cost for covered generic drugs until your out-of-pocket costs total \$7,400, which is the end of the coverage gap. Not everyone will enter the coverage gap.</p> <p><b>Important</b>—You won’t pay more than \$35 for a one-month supply of each insulin product covered by our plan, even if the insulin product is not considered a Select Insulin under the plan’s Prescription Drug Formulary or you’re not eligible for the Insulin Savings Program.</p> <p>If you’re eligible for the Insulin Savings Program, your cost-share for Select Insulins won’t increase during the coverage gap.</p>					
<b>Catastrophic Coverage</b>	<p><b>Both Plans</b></p> <p>After your yearly out-of-pocket drug costs reach \$7,400, you pay the greater of:</p> <ul style="list-style-type: none"> <li>• 5% Coinsurance or</li> <li>• \$4.15 Copay for generic (including brand-name drugs treated as generic) or a \$10.35 copay for other drugs (one-month supply)</li> </ul> <p><b>Important</b>—You won’t pay more than \$35 for a one-month supply of each insulin product covered by our plan, for all cost-sharing tiers.</p>					

Cost-sharing may change depending on the pharmacy you choose.

# Pre-Enrollment Checklist

---

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a customer service representative at 1-866-536-1051 (TTY: 711).

## Understanding the Benefits

- The Evidence of Coverage (EOC) provides a complete list of all coverage and services. It is important to review plan coverage, costs and benefits before you enroll. Visit [EssenceHealthcare.com](https://www.essencehealthcare.com) or call 1-866-536-1051 (TTY: 711) to view a copy of the EOC.
- Review the Provider Directory to make sure the pharmacy you use for any prescription medicine is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.
- Review the formulary to make sure your drugs are covered.

## Understanding Important Rules

- In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- Benefits, premiums and/or copayments/coinsurance may change on January 1, 2024.
- Our plan allows you to see providers outside of our network (non-contracted providers). However, while we pay for covered services, the provider must agree to treat you. Except in an emergency or urgent situation, non-contracted providers may deny care. In addition, you may pay a higher copay for services received by non-contracted providers.

Essence Healthcare includes HMO, HMO-POS and PPO plans with Medicare contracts. Essence Healthcare also includes an HMO D-SNP plan with a contract with Medicare and the state Medicaid program. Enrollment in Essence Healthcare depends on contract renewal. All Essence plans include Part D drug coverage. To enroll, you must have both Medicare Parts A and B and reside in the plan service area.

You must continue to pay your Medicare Part B premium. Please note that enrollment is limited to specific times of the year.

Out-of-network/non-contracted providers are under no obligation to treat Essence Healthcare members, except in emergency situations. Please call our customer service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services.
