**Mary Washington**  
Medicare Advantage

# 2023

## Prescription Drug Formulary

This formulary was updated on 11/21/2023. For more recent information or other questions, please contact Mary Washington Medicare Advantage Customer Service at 844.529.3760 (TTY: 711), 8 a.m. to 8 p.m., seven days a week, or visit [mwmaplan.com](http://mwmaplan.com). You may reach a messaging service on weekends from April 1 through September 30 and holidays. Please leave a message, and your call will be returned the next business day.

# Mary Washington Medicare Advantage (HMO) 2023 Formulary (List of Covered Drugs)

**PLEASE READ: THIS DOCUMENT CONTAINS  
INFORMATION ABOUT THE DRUGS WE COVER IN THIS  
PLAN**

**Note to existing members:** This formulary has changed since last year.

**Important Message About What You Pay for Vaccines** - Our plan covers most Part D vaccines at no cost to you. Call Member Services for more information.

**Important Message About What You Pay for Insulin** - You won't pay more than \$35 for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on, even if the insulin is not considered a Select Insulin under the plan's Prescription Drug Formulary.

Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to "we," "us", or "our," it means Mary Washington Health Plan. When it refers to "plan" or "our plan," it means Mary Washington Medicare Advantage (HMO).

This document includes a list of the drugs (formulary) for our plan which is current as of December 2023. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2024, and from time to time during the year.

HPMS Approved Formulary File Submission ID 23058, Version Number 18

H2825\_23-032\_C  
11/21/2023

## What is the Mary Washington Medicare Advantage (HMO) Formulary?

A formulary is a list of covered drugs selected by our plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. We will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a plan network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

## Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes.

**Changes that can affect you this year:** In the below cases, you will be affected by coverage changes during the year:

- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a new generic drug to replace a brand name drug currently on the formulary; or add new restrictions to the brand name drug or move it to a different cost-sharing tier or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.
  - If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled "How do I request an exception to the Mary Washington Medicare Advantage (HMO) Formulary?"

**Changes that will not affect you if you are currently taking the drug.** Generally, if you are taking a drug on our 2023 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2023 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of December 2023. To get updated information about the drugs covered by our plan, please contact us. Our contact information appears on the front and back cover pages. If we make other types of formulary changes than those listed above (non-maintenance changes), we will mail written notification to affected members in the form of Formulary Errata Sheets.

## How do I use the Formulary?

There are two ways to find your drug within the formulary:

### Medical Condition

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular”. If you know what your drug is used for, look for the category name in the list that begins on page number 1. Then look under the category name for your drug.

### Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 90. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

## What are generic drugs?

Our plan covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

## Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** We require you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from us before you fill your prescriptions. If you don't get approval, we may not cover the drug.
- **Quantity Limits:** For certain drugs, we limit the amount of the drug that we will cover. For example, we provide eighteen per prescription for *sumatriptan oral*. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, we require you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask us to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, “How do I request an exception to the Mary Washington Medicare Advantage formulary?” on page iv for information about how to request an exception.

### **What if my drug is not on the Formulary?**

If your drug is not included in this formulary (list of covered drugs), you should first contact Customer Service and ask if your drug is covered.

If you learn that our plan does not cover your drug, you have two options:

- You can ask Customer Service for a list of similar drugs that are covered by our plan. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by our plan.
- You can ask us to make an exception and cover your drug. See below for information about how to request an exception.

### **How do I request an exception to the Mary Washington Medicare Advantage (HMO) Formulary?**

You can ask us to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level if this drug is not on the specialty tier (Tier 5). If approved this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, we limit the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, we will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, tiering, or utilization restriction exception. **When you request a formulary, tiering, or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

## **What do I do before I can talk to my doctor about changing my drugs or requesting an exception?**

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

Members who have a change in level of care (setting) will be allowed up to a one-time 30-day transition supply per drug. Examples include beneficiaries who are entering a long-term care facility are discharged from a hospital to home, or are ending a long-term care stay and returning to the community.

## **For more information**

For more detailed information about your Mary Washington Medicare Advantage prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about Mary Washington Medicare Advantage, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

## Mary Washington Medicare Advantage Formulary

The formulary below provides coverage information about the drugs covered by Mary Washington Medicare Advantage. If you have trouble finding your drug in the list, turn to the Index that begins on page 90.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., HUMIRA) and generic drugs are listed in lower-case italics (e.g., *warfarin*).

The information in the Requirements/Limits column tells you if Mary Washington Medicare Advantage has any special requirements for coverage of your drug.

### List of Abbreviations

**B/D PA:** This prescription drug may be covered under Medicare Part B or D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.

**EX:** Excluded Drug. This prescription drug is not normally covered in a Medicare prescription drug plan. The amount you pay when you fill a prescription for this drug does not count toward your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage). In addition, if you are receiving extra help to pay for your prescriptions, you will not get any extra help to pay for this drug.

**LA:** Limited Availability. This prescription may be available only at certain pharmacies. For more information, consult your Provider Directory or call Customer Service at 844.529.3760 or, for TTY users, 711, 8 a.m. to 8 p.m. You may reach a messaging service on weekends from April 1 through September 30, and holidays. Please leave a message, and your call will be returned the next business day, or visit [mwmaplan.com](http://mwmaplan.com) or [riversidemedicareadvantage.com](http://riversidemedicareadvantage.com).

**MO:** Mail-Order Drug. This prescription drug is available through our mail-order service, as well as through our retail network pharmacies. Consider using mail order for your long-term (maintenance) medications (such as high blood pressure medications). Retail network pharmacies may be more appropriate for short-term prescriptions (such as antibiotics).

**PA:** Prior Authorization. The Plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval before you fill your prescriptions. If you don't get approval, we may not cover the drug.

**QL:** Quantity Limit. For certain drugs, the Plan limits the amount of the drug that we will cover.

**SSM:** Senior Savings Model. Select Insulins which are part of the Insulin Savings Program and therefore will incur low, consistent copays through the Coverage Gap phase. See the Evidence of Coverage for more information regarding Select Insulins, including full cost-sharing information. **NOTE:** Insulin administered via durable equipment insulin pump is NOT covered under this Part D benefit; Per Medicare, such insulin would be covered under Medicare Part B. The Insulin Savings Program is only applicable to Mary Washington Advantage Complete (HMO) and Riverside Medicare Advantage Complete plans.

**ST:** Step Therapy. In some cases, the Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

For information regarding copayment amounts and/or coinsurance percentages, refer to Chapter 6, Section 5.2, and Section 5.4 in your Evidence of Coverage.

<i>piperacillin-tazobactam intravenous recon soln 13.5 gram, 40.5 gram</i>	4	
<i>piperacillin-tazobactam intravenous recon soln 2.25 gram, 3.375 gram, 4.5 gram</i>	4	MO
<b>QUINOLONES</b>		
CIPRO ORAL SUSPENSION, MICROCAPSULE RECON	4	
<i>ciprofloxacin hcl oral tablet 100 mg</i>	2	

You can find information on what the symbols and abbreviations on this table mean by going to the beginning of this table.

This drug list was last updated on 11/21/2023.

Drug Name	Drug Tier	Requirements /Limits
<i>ciprofloxacin hcl oral tablet 250 mg, 500 mg</i>	1	MO
<i>ciprofloxacin hcl oral tablet 750 mg</i>	2	MO
<i>ciprofloxacin in 5 % dextrose</i>	4	PA; MO
<i>ciprofloxacin oral suspension, microcapsule recon 500 mg/5 ml</i>	4	
<i>levofloxacin in d5w intravenous piggyback 250 mg/50 ml</i>	4	PA
<i>levofloxacin in d5w intravenous piggyback 500 mg/100 ml, 750 mg/150 ml</i>	4	PA; MO
<i>levofloxacin intravenous</i>	4	PA; MO
<i>levofloxacin oral solution</i>	4	MO
<i>levofloxacin oral tablet</i>	2	MO
<i>moxifloxacin oral</i>	3	MO
<i>moxifloxacin-sod. chloride(iso)</i>	4	PA; MO
<b>SULFA'S / RELATED AGENTS</b>		
<i>sulfadiazine</i>	4	MO
<i>sulfamethoxazole-trimethoprim intravenous</i>	4	PA; MO
<i>sulfamethoxazole-trimethoprim oral suspension</i>	2	MO

Drug Name	Drug Tier	Requirements /Limits
<i>sulfamethoxazole-trimethoprim oral tablet</i>	1	MO
<b>TETRACYCLINES</b>		
<i>demeclocycline</i>	4	MO
<i>doxy-100</i>	4	PA; MO
<i>doxycycline hyclate intravenous</i>	4	PA
<i>doxycycline hyclate oral capsule</i>	2	MO
<i>doxycycline hyclate oral tablet 100 mg, 20 mg, 50 mg</i>	2	MO
<i>doxycycline monohydrate oral capsule 100 mg, 50 mg</i>	2	MO
<i>doxycycline monohydrate oral suspension for reconstitution</i>	4	MO
<i>doxycycline monohydrate oral tablet 100 mg, 50 mg, 75 mg</i>	2	MO
<i>minocycline oral capsule</i>	2	MO
<i>minocycline oral tablet</i>	4	MO
<i>mondoxylene nl oral capsule 100 mg</i>	2	
<i>tetracycline</i>	4	MO
<b>URINARY TRACT AGENTS</b>		
<i>methenamine hippurate</i>	3	MO

You can find information on what the symbols and abbreviations on this table mean by going to the beginning of this table.

This drug list was last updated on 11/21/2023.

Drug Name	Drug Tier	Requirements /Limits
<i>methenamine mandelate</i>	2	MO
<i>nitrofurantoin macrocrystal oral capsule 100 mg, 50 mg</i>	3	MO
<i>nitrofurantoin monohyd/m-cryst</i>	3	MO
<i>nitrofurantoin oral suspension 25 mg/5 ml</i>	4	MO
<i>trimethoprim</i>	2	MO

## ANTINEOPLASTIC / IMMUNOSUPPRESSANT DRUGS

### ADJUNCTIVE AGENTS

<i>dexrazoxane hcl</i>	5	B/D PA; MO
ELITEK	5	MO
KEPIVANCE INTRAVENOUS RECON SOLN 5.16 MG	5	
KHAPZORY	5	B/D PA
<i>leucovorin calcium oral</i>	3	MO
<i>levoleucovorin calcium intravenous recon soln</i>	5	B/D PA; MO
<i>levoleucovorin calcium intravenous solution</i>	5	B/D PA
<i>mesna</i>	2	B/D PA; MO
MESNEX ORAL	5	MO
VISTOGARD	5	PA
XGEVA	5	B/D PA; MO

Drug Name	Drug Tier	Requirements /Limits
<b>ANTINEOPLASTIC / IMMUNOSUPPRESSANT DRUGS</b>		
<i>abiraterone oral tablet 250 mg</i>	4	PA; MO; QL (120 per 30 days)
<i>abiraterone oral tablet 500 mg</i>	4	PA; MO; QL (60 per 30 days)
ABRAXANE	5	B/D PA; MO
ADCETRIS	5	B/D PA; MO
ADSTILADRIN	5	PA
ALECENSA	5	PA; MO; QL (240 per 30 days)
ALIMTA	5	B/D PA; MO
ALIQOPA	5	B/D PA; LA
ALUNBRIG ORAL TABLET 180 MG, 90 MG	5	PA; QL (30 per 30 days)
ALUNBRIG ORAL TABLET 30 MG	5	PA; QL (60 per 30 days)
ALUNBRIG ORAL TABLETS,DOSE PACK	5	PA; QL (30 per 180 days)
<i>anastrozole</i>	2	MO
<i>arsenic trioxide intravenous solution 1 mg/ml</i>	5	B/D PA
<i>arsenic trioxide intravenous solution 2 mg/ml</i>	5	B/D PA; MO
ASPARLAS	5	PA
AYVAKIT	5	PA; LA; QL (30 per 30 days)
<i>azacitidine</i>	5	B/D PA; MO

You can find information on what the symbols and abbreviations on this table mean by going to the beginning of this table.

This drug list was last updated on 11/21/2023.

Drug Name	Drug Tier	Requirements /Limits
<i>azathioprine oral tablet 50 mg</i>	2	B/D PA; MO
<i>azathioprine sodium</i>	2	B/D PA; MO
BALVERSA	5	PA; LA
BAVENCIO	5	B/D PA; LA
BELEODAQ	5	B/D PA
<i>bendamustine intravenous recon soln</i>	5	B/D PA; MO
BENDEKA	5	B/D PA; MO
