Who can join?

To join **CoxHealth MedicarePlus**, you must be entitled to Medicare Part A, be enrolled in Medicare Part B, a United States citizen or lawfully present in the United States, and live in our service area. Our service area includes the following counties in Missouri: Barry, Christian, Greene, Lawrence, Stone, Taney and Webster.

Which doctors, hospitals and pharmacies can I use?

CoxHealth MedicarePlus has a network of doctors, hospitals, pharmacies and other providers. If you use the providers that are not in our network, the plan may not pay for these services. You must generally use network pharmacies to fill your prescriptions for covered Part D drugs. You can see our plan's provider directory at our website www.CoxHealthMedicarePlus.com. Or, call us, and we will send you a copy of the provider directory.

What do we cover?

Like all Medicare health plans, we cover everything that Original Medicare covers — and *more*.

- **Our plan members get *all* of the benefits covered by Original Medicare.** For some of these benefits, you may pay more in our plan than you would in Original Medicare. For others, you may pay less.
- **Our plan members also get *more* than what is covered by Original Medicare.** Some of the extra benefits are outlined in this booklet.

What drugs do we cover?

We cover Part D drugs. In addition, we cover Part B drugs such as chemotherapy and some drugs administered by your provider.

- You can see the complete plan formulary (list of Part D prescription drugs) and any restrictions on our website, www.CoxHealthMedicarePlus.com.
- Or, call us, and we will send you a copy of the formulary.

How will I determine my drug costs?

Our plan groups each medication into one of six "tiers." You will need to use your formulary to locate what tier your drug is on to determine how much it will cost you. The amount you pay depends on the drug's tier and what stage of the benefit you have reached. Later in this document, we discuss the benefit stages that occur: Initial Coverage, Coverage Gap and Catastrophic Coverage. If you have questions about the different benefit stages, please contact the plan for more information or access the Evidence of Coverage on our website.

Coverage Gap

Most Medicare drug plans have a coverage gap (also called the “donut hole”). This means that there’s a temporary change in what you will pay for your drugs. The coverage gap begins after the total yearly drug cost (including what your plan has paid and what you have paid) reaches \$4,130.

After you enter the coverage gap, you pay 25% of the plan’s cost for covered brand name drugs and 25% of the plan’s cost for covered generic drugs until your out-of-pocket costs total \$6,550, which is the end of the coverage gap. Not everyone will enter the coverage gap.

Catastrophic Coverage

After your yearly out-of-pocket drug costs reach \$6,550, you pay the greater of:

- 5% co-insurance, or
- \$3.70 copay for generic (including brand drugs treated as generic) and a \$9.20 for other drugs (one-month supply).

Plan may offer supplemental benefits in addition to Part C benefits and Part D benefits.
